

R718B Series Platinum Temperature Sensor

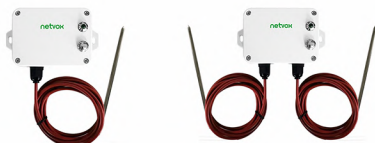

Various Probe Options with Wide Temperature Ranges

[R718BC / R718BC2]
Clamp Probe

[R718BP / R718BP2]
Patch Probe

[R718121 / R718221]
Needle Probe

[R718B122 / R718B222]
Magnetic Probe

[R718B120 / R718B220]
Round Head Probe

Wide Temperature Range

Measure wide ranges of temperatures for industrial and scientific purposes

Easy Installation

With various types of probes, the R718B series gives you different and easy installation methods.

Applicable Cases

- Industrial Process Control
- HVAC Systems
- Environmental Monitoring
- Food and Pharmaceutical Storage
- Energy and Power Generation
